A main theme of Catholic Social Teaching is the inherent value, worth and dignity of each of God's human beings. Human dignity is something that can't be taken away. Catholic Social Teaching states that each and every person has value, are worthy of great respect and must be free from slavery, manipulation and exploitation.

"Catholic social teaching believes that human beings, created in the image and likeness of God (Genesis 1:26-27), have by their very existence an inherent value, worth, and distinction".

"How can it be that it is not a news item when an elderly homeless person dies of exposure, but it is news when the stock market loses two points? This is a case of exclusion."
