Warning Over Covid Vaccine Scam

An Garda Síochána, the HSE, and The Department of Health have issued a warning to members of the public about potential scams relating to the Covid-19 vaccine. An Garda Síochána has been made aware of members of the public having received fraudulent text messages and telephone calls regarding Covid vaccination. The text messages and phone calls have made requests for people to confirm private and sensitive information such as PPS number, date of birth, and address.

The HSE will never text or call individuals requesting personal information and they will never request payment for a Covid test or Vaccine. Your local GP will be the first point of contact about vaccination or Covid testing. The Covid-19 vaccine is free and it is not available privately.

We would ask that members of the public make any vulnerable friends or family aware of these calls and text messages.

There is great concern surrounding the virus and it's capacity to spread very quickly.
