## The Synod in Rome

This week saw the conclusion of the Synod's reflection on *Authority and leadership in the Church*. The main themes which emerged this week included: that those who exercise authority must do so bare foot; leadership should

be at the service of the poor; revision of financial structures for greater economic transparency; synodality does not eliminate authority but contextualises it; a call to strengthen existing synodal structures such as pastoral, diocesan and episcopal Councils, that church structures must develop a culture of protection to ensure the safeguarding of vulnerable adults and children; in a world of polarisation and xenophobia communion is the best message we can give; Communion with Peter; co-responsibility and active engagement of all the charism of a diocese and parish; commitment to eradicate clericalism both in clerical and lay circles and the engagement of specific skills and charisms of all the laity. The participants issued a letter to the People of God outlining their experience of the last three week to read click on the link:

## For a harvest shared by all

St Francis of Assisi,  
your whole life sang in harmony  
with God, nature and others.

With you, we praise God for Brother Sun,  
full of beauty and splendour,  
warming the earth,  
summoning shoots  
from darkness into daylight.

We praise God for Sister Water,  
so useful and humble,  
precious and pure,  
greening arid ground,  
growing life in desert places.

Pray for us Francis, that, like you,  
we may care for all that exists,  
until Brother Sun and Sister Water  
produce a harvest shared by all,  
in love and solidarity,  
justice and peace.

Amen
